INTRODUCTION

As a developmental institution, the municipality needs to commit to supporting measures that assist and empower its community. It is accepted that large sections of the community cannot exist without intervention and it is therefore the duty of the municipality to support and to ensure that citizens are able to access their constitutional right to have access to a basic level of services.

The municipality must therefore at all times strive to fulfill the constitutional objectives as contemplated in Section 152 of the Constitution and to meet the criteria for a credible indigent policy as laid down in the Credible Indigent Policy Assessment Framework, 2008, provided by the Department of Local Government.

The successful implementation of this policy depends totally on affordability and the social analysis of the area as should be included in the municipality's IDP. With regard to affordability the foundation is laid in section 74 of the Municipal Systems Act, 2000, which stipulates that poor households must have access to basic service through tariffs that cover only the operating and maintenance costs.

The municipality therefore adopts an indigent support policy which embodies an indigent support programme not only providing procedures and guidelines for the subsidisation of service charges to indigent households in its area of jurisdiction, but also to increase the quality of life of the beneficiaries by assisting them to exit from indigence.

1. POLICY PRINCIPLES

In recognition of the abovementioned National Framework the municipality undertakes to promote the following principles:

- 1.1 To ensure that the Equitable Share received annually will be utilised for the benefit of the poor only and not to subsidise rates and services charges of those who can afford to pay;
- 1.2 To link this policy with the municipality's IDP, local economic development (LED) initiatives and poverty alleviation programmes;
- 1.3 To promote an integrated approach to free basic service delivery; and
- 1.4 To engage the community in the development and implementation of this policy;

2. POLICY OBJECTIVES

In support of the above principles the objective of this policy will be to ensure the following:

- 2.1 The provision of basic services to the community in a sustainable manner within the financial and administrative capacity of the Council;
- 2.2 The financial sustainability of free basic services through the determination of appropriate tariffs that contribute to such sustainability through cross subsidisation;
- 2.3 Establishment of a framework for the identification and management of indigent households including a socio-economic analysis and an exit strategy;
- 2.4 The provision of procedures and guidelines for the subsidisation of basic charges and the provision of free basic energy to indigent households;
- 2.5 To ensure co-operative governance with other spheres of government; and
- 2.6 To enhance the institutional and financial capacity of the municipality to implement the policy.

3. THE LEGISLATIVE FRAMEWORK

This policy is designed and implemented within the framework of the following legislation:

- The Constitution of the RSA, 1996;
- The Municipal Systems Act, 2000 (Act 32 of 2000);

- The Municipal Finance Management Act, 2003 (Act 56 of 2003);
- The Promotion of Administrative Justice Act, 2000 (Act 3 of 2000);
- The Promotion of Access to Information Act, 2000 (Act 2 of 2000);
- The Property Rates Act, 2004 (Act 6 of 2004).

4. QUALIFICATION CRITERIA

Qualification criteria for indigent support shall be determined by the municipality from time to time, provided that until the municipality determines otherwise, the following criteria shall apply:

- 4.1 The applicant must be a resident of the municipality.
- 4.2 The applicant must be in possession of a valid South African identity document.
- 4.3 The combined or joint gross income of all occupants or dependants in a single household which receives services from the municipality may not exceed the thresholds determined by the municipality annually during consideration of the budget for the next financial year. The guideline relating to the household income threshold is an income of not less than two state pensions per month.
- 4.4 The applicant must be the owner or tenant who receives municipal services and is registered as an account holder on the municipal financial system; provided that the requirement of being registered as an account holder does not apply to households in informal settlements where no accounts are rendered nor in rural areas where no accounts are rendered.
- 4.5 Any occupant or resident of the single household referred to above may not own any property in addition to the property in respect of which indigent support is provided.
- 4.6 A tenant can apply for the benefits in respect of the charges he/she is billed for while the landlord remains liable for all ownership related charges such as rates.
- 4.7 The account of a deceased estate, may be subsidised if the surviving spouse or dependants of the deceased who occupy the property, applies for assistance.
- 4.8 The person applying for indigent support should reside in the property that he applies for.

5. TARGETING OF INDIGENT HOUSEHOLDS

The effective targeting of indigent households and the implementation of this policy will depend largely on the social analysis included in the IDP, the LED initiatives and other poverty relief programmes of the municipality. The socio-economic information and performance indicators contained in these documents must form the basis for the targeting of indigent households.

Against the background of such socio-economic analysis, the municipality must within its financial and institutional capacity decide which targeting approach or option should be applied.

Depending on capacity the municipality may apply any or a combination of the following targeting methods:

Targeting approach	Application
1. Service levels	Lowest service levels normally in informal settlements and rural areas.
2. Service consumption	Metered services in urban and rural areas.
3. Property value	Applicable only to registered indigents in respect of subsidised or RDP housing to a value determined in addition to the R15000 in terms of the Property Rates Act, 2004.
4. Household income	Threshold determined in terms of socio-economic analysis.
5. Geographical (Zonal) targeting	Specific areas (rural or urban) where households are regarded as poor irrespective of service level.

6. EXTENT OF INDIGENT SUPPORT

The extent of the monthly indigent support granted to indigent households must be based on budgetary allocations for a particular financial year and the tariffs determined for each financial year.
